HEADER COMMENT

What is this program? Who wrote it?

TOOLBOX

Opens the Zumo library

HARDWARE OBJECTS

Name tags for each piece of hardware

CONSTANTS

Values you might tweak

FUNCTION PROTOTYPES

One-line previews of your Section 7 helpers

RUNS ONCE

Code here runs one time when the robot powers on

RUNS FOREVER

Code here repeats over and over until power off

HELPER FUNCTIONS

Reusable chunks of code you can call by name
